

AGENDA:

12:30 PM: CHECK-IN

1:00 PM: WORKSHOP

1. **Introduction to Creative Problem Solving:** Interactive presentation with an introduction to key principles.
2. **Learning and Applying Key Principles-**Participants will work through a fictitious challenge or bring their own. (Attendees considering applying for a CHNA 18 grant on for innovative approaches to local public health problems may want to bring along their program ideas for discussion).

After this presentation participants will know how to:

- a. Clearly define a goal/wish/challenge
- b. Gather good data
- c. Accomplish better brainstorming
- d. Strengthen ideas and make them better

Post-Workshop Grant information session: Attendees considering applying for grant funds to implement innovative approaches to local health problems are invited to stay for a 30-minute information session.
